Scott's Shootout - Indoor Rules

1.0   Shoot format is to allow all ages, gender, and equipment classes to be able to compete together.

1.1   A handicap system is used to equalize all competitors.

2.0   All competitors will shoot at a 40 cm outer 10 target at 18m.

2.1   Under 13 age can shoot 10m. target size can be adjusted by experience use 60cm if needed.

2.2   Scoring with be 1 to 11. Utilizing the inner ten ring as 11 for a maximum score of 330

3.0   10-3 arrow ends for a total of 330 points will be used to calculate a handicap for each competitor.

        Use the qualifying round score sheet supplied in file.

3.1   To calculate the handicap, subtract the 3 lowest scoring ends from the total score.

         Divide that score by 7 and round up or down to an even number.

3.2   A maximum handicap of 32

3.4   This is a floating handicap event. After each round of elimination is complete, the winner's average score per winning end will be compared to their handicap.

         If it exceeds their handicap it will be increased to the higher score.

4.0   Choose the elimination bracket for the number of competitors.

4.1   Make the tournament fun, use a blind draw for starting position.

        ie, numbered poker chips in a bag or container.

5.0   During competition archers will shoot at their respective target distance.

5.1   Set system scoring will be used

        2 point win round

        1 point tie round

        6 points win.

        At a tie with 5 point a single arrow shoot off, closest to center wins, no handicap allowance.

5.2   Use the elimination round score card supplied.

5.3   The competitor with the lower handicap will get the difference added to their score each end.

Example of handicap

archer 1 handicap of 27

archer 2 handicap of 16

Archer 2 will get 11 points per end added to their score.

5.3.1 During eliminations a maximum score of 32 with handicap included.

5.4   Check the handicap of each winner and adjust up if required.
